

Appln. No. 09/913,621
Amendment dated April 28, 2004

REMARKS/ARGUMENTS

A. Concerning the Amendments to the Specification

The amendment is presented to correct a typographical error and raises no substantive issue. Accordingly, no substantial additional search, examination or other work is required of the PTO in entering this amendment. Entry of this amendment, therefore, is believed proper under 37 CFR 1.312.
